

Hash Functions: SHA-384

```
graph LR; A[Hash Functions: SHA-384] -.->|sha2k64.h| B[Hash Functions: SHA-512]; A -.->|sha384.h| C[Hash Functions];
```

The diagram illustrates the relationship between different hash functions. A central box labeled 'Hash Functions: SHA-384' is connected by dashed green lines to two other boxes. The top box is labeled 'Hash Functions: SHA-512' and is connected via a line labeled 'sha2k64.h'. The bottom box is labeled 'Hash Functions' and is connected via a line labeled 'sha384.h'.
