

Hash Functions: SHA-384

```
graph LR; A[Hash Functions: SHA-384] -.-> B[sha2k64.h]; A -.-> C[sha384.h]; B -.-> D[Hash Functions: SHA-512]; C -.-> E[Hash Functions];
```

The diagram illustrates a hierarchical structure of hash functions. On the left, a gray rectangular box labeled "Hash Functions: SHA-384" is connected by two dashed green lines to two intermediate labels: "sha2k64.h" and "sha384.h". From "sha2k64.h", a dashed green line leads to a white rectangular box labeled "Hash Functions: SHA-512". From "sha384.h", a dashed green line leads to another white rectangular box labeled "Hash Functions".
