

Hash Functions: SHA-384

```
graph LR; A[Hash Functions: SHA-384] -.-> B[sha2k64.h]; A -.-> C[sha384.h]; B -.-> D[Hash Functions: SHA-512]; C -.-> E[Hash Functions];
```

The diagram illustrates a hierarchical structure of hash functions. It begins with a box labeled 'Hash Functions: SHA-384'. From this box, two dashed green lines branch out to the right. The upper line is labeled 'sha2k64.h' and leads to a box labeled 'Hash Functions: SHA-512'. The lower line is labeled 'sha384.h' and leads to a box labeled 'Hash Functions'.

sha2k64.h

Hash Functions: SHA-512
